

Your New Professional Look

We are all wonderfully and uniquely different. Multiple style options were designed for the NHC program to ensure that everyone will be able to select the styles that work best with your body shape. In your job, you need to select a size that allows you the most movement with your work motions. Loose fitting garments will work best. Remember, these garments are not vanity sizing! The only person who knows the size on the label is the partner ordering your uniform and you. When selecting your sizes, please allow for slight shrinkage.

Before You Wash Your Uniforms

PLEASE TRY ON YOUR UNIFORMS BEFORE WASHING THEM.

If uniforms do not fit, please refer to the Order Form for the Return Policy. To guarantee you get the most wear out of your uniforms remember to look at the care instructions in the label of each garment. Turn them inside out and wash per instructions.

If you are ordering a Modern Fit Style, but you prefer a more generous fit, order one size larger than you normally wear.

HOW TO MEASURE

CHEST: The measurement over the fullest part of the chest.

WAIST: The measurement of the smallest indentation of the natural waistline.

HIPS: The measurement of the fullest curve of the hip or approximately 8" below the waistline.

INSEAM/INSIDE LEG: The measurement from the top of the inner thigh down to 1" below the ankle bone.

REHAB UNIFORM PROGRAM

Jan. 2024

Your New Professional Look

We are all wonderfully and uniquely different. Multiple style options were designed for the NHC program to ensure that everyone will be able to select the styles that work best with your body shape. In your job, you need to select a size that allows you the most movement with your work motions. Loose fitting garments will work best. Remember, these garments are not vanity sizing! The only person who knows the size on the label is the partner ordering your uniform and you. When selecting your sizes, please allow for slight shrinkage.

Before You Wash Your Uniforms

PLEASE TRY ON YOUR UNIFORMS BEFORE WASHING THEM.

If uniforms do not fit, please refer to the Order Form for the Return Policy. To guarantee you get the most wear out of your uniforms remember to look at the care instructions in the label of each garment. Turn them inside out and wash per instructions.

Rehab Uniform Program Women's Styles Fit Guides

If you are ordering a Modern Fit Style, but you like a more generous fit, order 1 Size larger than you normally wear.

MEASUREMENT TIPS

BUST: The measurement over the fullest part of the chest

WAIST: The measurement of the smallest indentation of the natural waistline.

HIPS: The measurement of the fullest curve of the hip or approximately 8" below the waistline

INSEAM/INSIDE LEG: The measurement from the top of the inner thigh down to 1" below the ankle bone.

Women's Environmental Services Uniform Program

Men's Styles Shown with Maintenance Program

Your New Professional Look

We are all wonderfully and uniquely different. Multiple style options were designed for the NHC program to ensure that everyone will be able to select the styles that work best with your body shape. In your job, you need to select a size that allows you the most movement with your work motions. Loose fitting garments will work best. Remember, these garments are not vanity sizing! The only person who knows the size on the label is the partner ordering your uniform and you. When selecting your sizes, please allow for slight shrinkage.

Before You Wash Your Uniforms

PLEASE TRY ON YOUR UNIFORMS BEFORE WASHING THEM.

If uniforms do not fit, please refer to the Order Form for the Return Policy. To guarantee you get the most wear out of your uniforms remember to look at the care instructions in the label of each garment. Turn them inside out and wash per instructions.

Environmental Services Uniform Program

Fit Guides

If you are ordering a Modern Fit Style, but you prefer a more generous fit, order one size larger than you normally wear.

HOW TO MEASURE

CHEST: The measurement over the fullest part of the chest.

WAIST: The measurement of the smallest indentation of the natural waistline.

HIPS: The measurement of the fullest curve of the hip or approximately 8" below the waistline.

INSEAM/INSIDE LEG: The measurement from the top of the inner thigh down to 1" below the ankle bone.

- Slim Fit – Contoured to conform to your body and complement your shape.
- Modern Fit – Tailored to flatter your shape without limiting movement.
- Classic Fit – Generously cut for ease of movement.
- Relaxed Fit – Most Generous Cut, Loose Fitting.

If you are ordering a Modern Fit Style, but you prefer a more generous fit, order one size larger than you normally wear.

MEASUREMENT TIPS

BUST: The measurement over the fullest part of the chest

WAIST: The measurement of the smallest indentation of the natural waistline.

HIPS: The measurement of the fullest curve of the hip or approximately 8" below the waistline

INSEAM/INSIDE LEG: The measurement from the top of the inner thigh down to 1" below the ankle bone.
