C.N.A. Uniform Program

Your New Professional Look

We are all wonderfully and uniquely different. Multiple style options were designed for the NHC program to ensure that everyone will be able to select the styles that work best with your body shape. In your job, you need to select a size that allows you the most movement with your work motions. Loose fitting garments will work best. Remember, these garments are not vanity sizing! The only person who knows the size on the label is the partner ordering your uniform and you. When selecting your sizes, please allow for slight shrinkage.

Before You Wash Your Uniforms

PLEASE TRY ON YOUR UNIFORMS BEFORE WASHING THEM.

If uniforms do not fit, please refer to the Order Form for the Return Policy. To guarantee you get the most wear out of your uniforms remember to look at the care instructions in the label of each garment. Turn them inside out and wash per instructions.

Environmental Services Uniform Program

Your New Professional Look

We are all wonderfully and uniquely different. Multiple style options were designed for the NHC program to ensure that everyone will be able to select the styles that work best with your body shape. In your job, you need to select a size that allows you the most movement with your work motions. Loose fitting garments will work best. Remember, these garments are not vanity sizing! The only person who knows the size on the label is the partner ordering your uniform and you. When selecting your sizes, please allow for slight shrinkage.

Before You Wash Your Uniforms

PLEASE TRY ON YOUR UNIFORMS BEFORE WASHING THEM.

If uniforms do not fit, please refer to the Order Form for the Return Policy. To guarantee you get the most wear out of your uniforms remember to look at the care instructions in the label of each garment. Turn them inside out and wash per instructions.

Your New Professional Look

We are all wonderfully and uniquely different. Multiple style options were designed for the NHC program to ensure that everyone will be able to select the styles that work best with your body shape. In your job, you need to select a size that allows you the most movement with your work motions. Loose fitting garments will work best. Remember, these garments are not vanity sizing! The only person who knows the size on the label is the partner ordering your uniform and you. When selecting your sizes, please allow for slight shrinkage.

Before You Wash Your Uniforms

PLEASE TRY ON YOUR UNIFORMS BEFORE WASHING THEM.

If uniforms do not fit, please refer to the Order Form for the Return Policy. To guarantee you get the most wear out of your uniforms remember to look at the care instructions in the label of each garment. Turn them inside out and wash per instructions.
